Northeastern Illinois University welcomes all students, regardless of citizenship or residency. We value the diversity our students bring and we strive to provide a supportive and inclusive environment for all students. We are excited to offer the following resources for undocumented students.

**Process for Assessing In-State Tuition for Undocumented Students**

In order to better serve our undocumented student population and to comply with Illinois General Assembly Public Act 93-0007, NEIU created the Affidavit form for Eligibility for Residency Tuition, a simple and easy to use form to help determine eligibility for in-state tuition.

The Affidavit form for Eligibility for Residency Tuition includes all of the relevant information that NEIU is required to collect and confirm in order to determine if a student qualifies for in-state tuition as stipulated by Public Act 93-0007 on an easy to read, one sided document.

Northeastern Illinois University has established the following practices to determine student eligibility for in-state tuition and processing:

1. The Affidavit form for Eligibility for Residency Tuition is sent to all undocumented students who are admitted and is included with their admission letter.
2. Freshman applicants fill out the form, respond to the three qualifying questions, sign and date the document and return it to the Admissions Review and Processing Office.
3. Transfer students also fill out the form, but in most cases they must also submit a high school transcript so that we can verify number of year attended at an Illinois school (the high school transcript is not required for most transfer students at the time of admission).
4. Once the form is received by the Admissions Review and Processing Office, our staff review the responses on the Affidavit form and the high school transcript to determine if the student meets the qualifications of Public Act 93-0007.
5. If all qualifications are met, tuition is reassigned to that of in-state and the change is immediately reflected on the student account and viewable in NEIUport by the student.
6. This form and high school transcript must be received within 30 calendar days from the date of assessment of tuition or the date designated in the official university calendar as that upon which instruction begins for the academic period for which the tuition is payable or the student loses the rights to change or adjust tuition for the semester in question.

The Affidavit form for Eligibility for Resident Tuition can also be found as part of our online application for admission, and can be picked up from our Admissions Office or at the Enrollment Services Office.
