**If the University is officially closed or not conducting business during the scheduled examination period, examinations will be re-scheduled at the same time and in the same location as are needed and will be communicated through a University Targeted Announcement.**

If a student identifies a schedule conflict affecting a formal examination, (s)he should contact the professor within two weeks of the beginning of class to make alternative arrangements for taking the examination. Reasonable accommodations will be made if: a) the conflict arises because of a religious belief, or b) the conflict is created by the examination pattern.

Note: Other campuses maintain different final examination schedules. Please contact each campus' administrative office to determine when a final examination will be given.
