COMPUTER SCIENCE SOCIETY

Who We Are

The CSS is a chapter of the Association for Computing Machinery, the largest scientific and educational computing society. Since our charter in 2013, we have united computing educators, researchers, and professionals to inspire dialogue, share resources, and address evolving challenges in computing.

What We Do

The Computer Science Society's mission is to foster networking, academic success, and professional growth among computer science students. We offer learning materials and opportunities for development, empowering NEIU students to advance their computing skills.

Why Join Us?

- Connect with 100,000+ computing professionals
- Network with professionals and organizations through guest speakers and events
- Attend hands-on workshops to enhance computing skills and growth
- Join a vibrant community of computer science enthusiasts

INTERNATIONAL BUSINESS CONFERENCE

What is IBC?

The International Business Conference at Northeastern Illinois University is a prestigious annual event that gathers esteemed professionals that work around the globe to discuss and explore current trends and issues in international business. This conference provides a platform for learning and sharing knowledge through keynote speeches, panel discussions, and interactive workshops. Each year this student-run conference showcases the dedication and organizational skills of CBT students.

Why You Should Attend

Participants have the opportunity to gain insights from industry leaders and academic experts, fostering a deeper understanding of global business dynamics. This conference offers a huge opportunity to network with highly esteemed working professionals. The IBC at NEIU is an invaluable experience for anyone looking to expand their knowledge and connections in the world of business.

Details

IBC is held once a year on the first Monday of March. IBC 2025 will be held on Monday, March 3rd in Alumni Hall on NEIU's Main Campus. There will be food, drinks, and lots of opportunities to network and further your knowledge and potential career options!

Faculty Advisor: Tung Cu, Ph.D.
