

PERINATAL MENTAL HEALTH CENTER

OF CHICAGO

Part-time Staff Therapist

Position Summary

Perinatal Mental Health Center of Chicago, a psychotherapy practice in Chicago and online is seeking to hire a qualified therapist to join our team. The clinician must be willing to see approximately 15 clients per week and attend 1 hour of supervision weekly. This position is part-time with the potential to expand to full-time. At PMHC Chicago we specialize in perinatal mental health.

Qualifications

- Applicants must hold master's degree or higher in social work, professional counseling, clinical psychology or marital and family therapy and must be fully licensed
- Must have at least 6 months of postgraduate experience providing outpatient psychotherapy
- Must have experience evaluating, diagnosing, and treating emotional disorders in an outpatient setting
- Must have a basic therapeutic framework and foundation for treating perinatal mental health disorders. With the understanding that clinicians are always deepening their skills and knowledge, candidates must at least have previous field experience in working with women and their families in a clinical capacity. The clinician must be trauma informed and open to discussing and exploring the client-therapist relationship.
- Ability to interact effectively, sensitively, and professionally with clients, fellow employees and professional community.
- Excellent written and verbal communication skills. Therapists must complete and manage electronic notes within 48 hours of the appointment session.

Benefits

- W-2 employee position
- Paid time off (per law requirements)
- Liability insurance through employer
- Access to weekly supervision
- Educational reimbursement toward professional development
- Referrals and marketing that help build your caseload
- Freedom to develop your own groups, workshops, outside teaching/consulting, or other initiatives that the practice will help promote
- Support growth and identity as a therapist
- A supportive environment that values self-care and collaboration
